Aims and Scope

Turkish Journal of Field Crops is the official publication of Society of Field Crops Science. It offers the latest developments in research to scientists active in field crops. The Journal includes only the original research papers on the following topics: Breeding and Genetics, Agronomy, Physiology, Forage Crops, Medicinal and Aromatical Plants, Biotechnology and Utilization

Publication Date and Subscription Information

Turkish Journal of Field Crops is published twice a year (June and December). The subscription rate per volume is \$200 for non-members. Subscription and claims could be sent to the secretary.

Indexing and Abstracting

Turkish Journal of Field Crops is indexed and abstracted in: Science Citation Index (SciSearch), WOS Core Collection (Clarivate), Journal Citation Reports/Science Edition. In CABI Abstracts: Crops Physiology Abstr., Field Crops Abstr., Grasslands and Forage Abstr., Plant Breeding Abstr., Seed Abstr. and the Ulakbim of the Scientific and Technological Research Council of Turkey.

INSTRUCTIONS FOR AUTHORS

MANUSCRIPT LAYOUT

Manuscript should be written in Microsoft Word 2003, DIN-A4 pages, letter «Times New Roman» size 12, with double line spacing, 2.5 cm margins on each side, page and line numbers.

Tables, graphs, and other material should be arranged separately in the text. Word editor should be used to create tables, for tables each item should be placed into a separate cell. Dimensions of tables must be maximum 16 × 20 cm and minimum 8 cm wide. Tables are to be numbered with Arabic numerals in the order in which they are referred to in the text and have a brief, but self-explanatory title. Abbreviations or symbols used in the tables must be explained either in the table title or as a footnote.

Figures should be submitted in TIFF or JPG format and dimensions of figures must be maximum 16 × 20 cm and minimum 8 cm wide. All photos, graphs, illustrations and diagrams should be referred to as a figure and numbered, continually according to the order in which they are included in the text, using Arabic numerals.

If any abbreviations are used in a paper, they shall be explained appropriately when they are used in the text for the first time. It is not advisable to use any abbreviations in the paper title or in the abstract. Then use the abbreviation throughout the entire article. The SI international system of measurement units should be used. Genus and species are always italicized. Do not italicize "spp." or "sensu stricto" or "sensu lato" that may follow genus and species.

TITLE

The title should be short and clear, and usually cover less than two printed lines. It should not include chemical formulas or arbitrary abbreviations. Authors name and address should follow the title.

ABSTRACT

The Abstract (preferably less than 200 words) should state concisely the scope of the work and give the principal findings. The abstract is an important part of the paper because it is published and cited in world databases. Keywords (a maximum of 6 in alphabetical order) should differ from words mentioned in the title. No references are to be cited in the abstract.

The main text of scientific paper must be developed under the following headings: Introduction, Materials and Methods, Results and Discussion. Results and Discussion can be presented under one or separate heading.

INTRODUCTION

Introduction should outline the main reasons why the research was conducted; describe a brief review of literature consisting of refereed periodicals, journals and books, and the goal of the authors. It is recommended to include references to papers from reviewed or peer reviewed periodicals only.

MATERIALS AND METHODS

All materials, experiments conducted, their extent, conditions and course should be described in detail in this section. All original procedures that were used for the processing of experimental material and all analytical methods used for evaluation should also be detailed. Data verifying the quality of acquired data should be indicated for the used methods. Methods of statistical processing including the software used should also be listed in this section.

RESULTS AND DISCUSSION

It should be a single section as "Results and Discussion" or if necessary, can be split into separate "Results" and "Discussion" sections. Discussion should be logical and results must be discussed in the light of previous literature justifying your findings.

Acknowledgments, if any, should follow the text and precede the references.

CITATIONS

Citations of relevant published work in the text, from Introduction to Discussion, including tables and figures, should read Demir and Yuce (1987) or (Demir and Yuce, 1987). When a paper cited has three or more authors, use the style Chung et al. (1989) or (Chung et al., 1989). Use (Park 1983a) and (Park 1983b) when citing more than one paper by the same author(s) published in the same year. For example, "This is observed both in vivo and in vitro (Gordon et al. 1980; Lee 1989a, 1989b; Smith and Jones 1984)."

LITERATURE CITED

Please do not use Turkish letter in Literature Cited. Only published papers or papers in press can be mentioned in the manuscript. Papers in preparation or in review can be mentioned within the text as unpublished data, but should not be included in the References section. References should be listed alphabetically at the end of the text without numbering. The manuscript should be checked carefully to ensure that the spellings of the authors' names and year of publication are exactly the same in the text as in the literature cited list. The Chicago manual of style 16th Edition **Author-Date System** or Turabian style **Manual for Writers of Research Papers, Theses, and Dissertation** reference list style are used in citation. References to journal articles, books, proceedings, chapters in books, etc. should be listed as given below (please note the punctuation and capitalisation):

Journal articles: Riday, H. and E.C. Brummer. 2002a. Forage yield heterosis in alfalfa. *Crop Sci.* 42:716-723. Riday, H. and E.C. Brummer, 2002b. Heterosis of agronomic traits in alfalfa. *Crop Sci.* 42:1081-1087. Berdahl, J.D., A.C. Wilton and A.B. Frank. 1989. Survival and agronomic performance of 25 alfalfa cultivars and strains interseeded into rangeland. *J. Range Manage.* 42:312-316.

Books: Steel, R.G.D. and J.H. Torrie. 1980. *Principles and Procedures of Statistics: A Biometrical Approach.* 2. ed. New York: McGraw-Hill Publ. Company.

Chapter in Books: Ouyang, J. 1986. Induction of pollen plants in *Triticum aestivum*. In: *Haploids of Higher Plant in Vitro*, ed. Hu, M. and Yang, M., 26-41, Academic Press, Beijing.

Online References: Holsinger, K. 2008. The genetics of natural selections, <http://darwin.eeb.uconn.edu/eeb348/lecture-notes/selection/selection.html>, (Accessed January 20, 2010)

Publication Contribution

Four thousand Turkish Liras (4000 TL) should be contributed by the Turkish corresponding author and 200 USD by the non-citizen in order to share publication costs.

The printing charges may kindly be sent to bank account of Society of Field Crop Science.

Bank Name & Address: Türkiye İş Bankası, Bornova Kampüs Şubesi, İzmir-TURKEY

Branch code: 3499

Bank account no: 313744

IBAN: TR250006400000134990313744

Manuscripts should be directly emailed to contact@field-crops.org to avoid postal delays, all correspondence is by e-mail. A completed manuscript submission is confirmed by e-mail.

PUBLICATION POLICY

This publication policy statement outlines policy and procedures relative to Turkish Journal of Field Crops.

1. General Policy

All material intended for publication by the Society should be written in English. Manuscripts for the Journal should be sent to the Editor in Chief.

2. Editor in Chief

Editor in Chief is nominated by the Governing Board and serves a 3-year term. The Editor in Chief makes recommendations to the Governing Board to appointment of the editors and serves as a Chairman of the Editorial Board.

3. Editorial Board

Editorial Board consisting of the Editor in Chief and Editors prepares the Journal. Editorial Board develops procedures for manuscript submission, review and referee criteria, acceptance, release and publication. The Editor in Chief delegates editorial functions to other members of the Editorial Board. The Editor in Chief also processes review and interpretive papers and handles the appeal procedure for rejected manuscripts. The Editor in Chief may write editorials or solicit manuscripts on special topics.

4. Editor

Editors are appointed for specific subject matter areas and are responsible for the technical and intellectual content of the journal in these areas. They supervise the registering of manuscripts and other record keeping activities and direct the work of the assigned referees. Editors in reviewing and evaluating manuscripts submitted to Turkish Journal of Field Crops.

Editors are responsible for obtaining a minimum of two reviews for each manuscript assigned to them. Each review is an evaluation of the intellectual content of the manuscript for publication. The following steps will be followed for prompt reviews.

a. Editors are expected to act as primary reviewer for papers close to their area of expertise.

b. Editors are encouraged to contact prospective reviewers and request return of the reviewed paper within two weeks.

c. Editors are advised to read papers carefully before sending them out for review. Editor is encouraged to be one of the primary reviewers. Two quality reviews of manuscript is the goal.

5. Manuscript Handling

Three copies of manuscripts should be submitted to the receipt of the Editor in Chief. The Editor notifies the corresponding author of the receipt of the manuscript, sends a permission to print and reprint form to the author, assigns registration number to the manuscripts. The registration number must be used in all correspondence regarding the manuscript. The Editor in Chief assigns manuscripts to the Editors on the basis of subject matter. The Editors in turn assign manuscripts to the referees and reviewers.

If they recommend publication without change and the Editor agrees, the manuscript and reviewers report are sent to Editor in Chief for concurrence.

6. Referee Assignment by the Editor in Chief

The editor in Chief could also assign manuscripts to the editors and two referees. If two referees accept, the manuscript is accepted for publication after the approval of the editor.

If the reviewers and the Editor find the manuscript could be published after some revision, the manuscript is returned to the author to obtain a satisfactory revision. If a revised manuscript is not returned by the author the first released manuscript must be submitted to the editor to receive additional consideration for the Journal.

If the reviewers and Editor recommend that a manuscript to be rejected, the manuscript and reviewers comments are sent to the Editor in Chief. If the Editor in Chief concurs that the manuscript should be rejected, the manuscript is released to the author. The author of a manuscript rejected has the option of appealing the release to the Editor in Chief. In appealing the release, the author must provide the Editor in Chief with a clean copy of the released version of the manuscript. All editorial correspondence and a letter are stating the reasons why the author is appealing the release.

7. Notes

Short papers covering experimental techniques, apparatus and observations of unique phenomena are published as notes. Review procedures for notes are the same as those for regular articles. The format for notes less than two printed pages is less formal than that for full length articles.

8. Letters to the Editor

The journal publishes Letters to the Editor. Letters may contain comments on articles appearing in the Turkish Journal of Field Crops or general discussion about crop science research and are limited to two printed pages. If a letter discusses a published paper, the author of that paper may submit a response to the comments. Published papers must be approved by the Editor in Chief and may receive a peer review.

ASSOCIATION NEWS

XIV CONGRESS OF FIELD CROPS II INTERNATIONAL CONGRESS OF FIELD CROPS

The national Field Crops congresses traditionally organized by the Field Crops Department of Agricultural Faculties at different Universities of Turkey under supervision of the Society of Field Crops Science was held in September 29-October 02 as the 2nd international Field Crops Congress at the Recep Tayyip Erdogan University.

3th International Congress of Field Crops will be held by The Tokat Gaziosmanpasha University at Tokat-Turkey in 2024.

MEMBERSHIP FEES FOR 2023

The membership fee for 2023 will be 50 Turkish Liras and it could be send to the following address:

Prof. Dr. Gülsüm Öztürk

Ege Üniversitesi Ziraat Fakültesi Tarla Bitkileri Bölümü, Bornova-İZMİR 35100

Bank Account: T.C. İş Bankası Kampüs Şubesi 3499 313744

PUBLICATION CONTRIBUTION

Four thousand Turkish liras (4000 TL) will be charged for a normal-size article (7 printed pages-18-20 page of manuscript) in the Official Journal: Turkish Journal of Field Crops starting on 2023 (Volume 28). Non-citizens will pay \$ 200 as contribution charge. All contributions could be send to the following bank account:

IBAN: TR250006400000134990313744

The swift code: ISBKTRIS-BRANCH-3499

IMPACT FACTOR

The overall impact factor of the Turkish Journal of Field Crops has been increasing steadily such as 1.32 with h-index of 6 in November, 2014; 2.01 with h-index of 9 in November 2016; 2.55 with h-index of 11 in November 3, 2017; 3.28 with h-index 13 in November 2018; 3.64 with h-index in June 2019 and 3.91 with h-index 15 in November 2019; 5.47 with h-index 19 in November 2021 and 6.12 with h-index 21 in December 2022. Impact factor: Crossref 2020 0.814. Crossref 5 years average 1.247 Quartile Q₄ (WOS); Q₂ (Scopus).

OPEN ACCESS

Turkish Journal of Field Crops could be accepted the rules of OPEN ACCESS JOURNAL. Therefore we do not put a restrictions in the web site of the Journal. As soon as we receive the publication charge fee, we open the PDF of article to be published in the volume free of charge in advance. We also open up the references.
